

2019 Forest Industry Bargaining

USW LOCAL 1-1937 UPDATE

2019 BARGAINING UPDATE #33 – November 25, 2019

Coast Bargaining Committee - News Release

USW BARGAINING COMMITTEE STILL WAITING FOR WFP TO REPLY

As our last update was one week ago, we feel compelled to update you even though there is not much to report.

In our last update on November 18, we called on WFP to return to the bargaining table. As of today's date, we continue to wait for WFP to contact the Mediators to indicate if they will return to the bargaining table.

The Mediators have requested a conference call tomorrow morning (Nov 26) with the USW Bargaining Spokesperson.

Since the Union Meetings scheduled for Ladysmith, Port Alberni, Campbell River and Port McNeill were postponed due to possible conflicts with the last mediation sessions, the Union is now waiting to talk to the mediators tomorrow to discuss next steps, before scheduling new Union Meeting dates.

We will keep you advised in the event of further developments.

Brian Butler – President, USW Local 1-1937
