

UNITED STEELWORKERS LOCAL 1-1937

Representing Sodexo workers in coastal BC

Dear Sodexo Friends,

Today and Tomorrow are VOTING Days! Please VOTE YES online to have USW represent you in Collective Bargaining.

You should have received a link from the LRB in order to VOTE YES! If you have not received a link, check your junk mailbox. If you did not receive the link at all send an email to registrar@lrb.bc.ca and advise you work at Sodexo in Kitimat and need a vote link to participate in a certification vote.

Remember that Local 40 told you they would be representing you immediately after decertification. This was false then and remains false. The fact is many people believed them, but you are now without a contract and workers are being disciplined and terminated without representation.

Working without representation isn't worth risking your job. You should not believe them when they say you should vote no to USW representation. Protect yourself and VOTE YES to a strong Union who will bargain what you want in your next collective agreement.

You may also wonder why Local 40 activists are working so hard to get you to vote no. Could it be because stewards in Local 40 get super seniority ahead of all employees (even those senior to them)? Do they have everyone's interest at heart or are they only protecting themselves?

USW will represent you fairly and honestly. We hear you loud and clear on what you want in your next contract. Together WE CAN ACHIEVE IT, without having to wait for more LRB hearings including Local 40's 10-month bar.

Contract Now! Security Now! VOTE YES for USW!!

In Solidarity,

USW Local 1-1937
