USW LOCAL 1-1937 UPDATE

BULLETIN – December 7, 2023

Dear Sisters and Brothers,

We want to update members on the payroll issues. After the town hall meetings, members were left with more questions than answers. We are working hard to sort through the outstanding payroll issues with the Company.

There is still a fair amount of people who were possibly over-taxed on the retroactive pay and in some cases, the explanation from payroll does not make sense. We are scheduling meetings with Newmont to discuss these issues and hope to get to the bottom of them quickly.

On a positive note, it looks like Newmont is possibly looking at conducting their own audit on payroll and if they agree to share their results this may expedite our timelines as we are now looking for the same thing.

In solidarity,

Nolan Paquette, npaquette@usw1-1937.ca
