

2024 Forest Industry Bargaining

USW LOCAL 1-1937 UPDATE

2024 BARGAINING UPDATE #8 - OCTOBER 7, 2024

BARGAINING WITH WFP RESUMES

Since our last bargaining update, your Union has spent time consulting our operational leadership and engaging non-WFP employers.

Last week the Union and Company re-engaged discussions on key proposals related to Union Security.

The parties now have scheduled meetings set for October 8, 16 and 17 and have tentative dates set for October 23 and 25.

If the parties reach an agreement on the Union Security proposals, the next step is for the parties to bargain on all other outstanding language proposals as well as on wages, wage adjustments, premiums, health & welfare improvements, and contract duration.

We will continue to update you as bargaining progresses.

In Solidarity,

Your Bargaining Committee

Issued on behalf of your Bargaining Committee Members, Brian Butler – President, Richard Arnason – 2nd Vice President, Chris Cinkant – 3rd Vice President, Jason Cox – Recording Secretary, Nolan Paquette – Warden.
