Dear Members:

I wanted to provide a few updates since my last message. I am still compiling the names, contact information, and EI status of members who did **not** receive the additional 20 weeks of EI. MP Jeff Kibble's office has now requested this information, so if you have not already contacted me, please do so as soon as possible. My contact information is included below. In addition, our President, Brian Butler, has advised that National Director Marty Warren will be speaking with Federal Minister Hajdu this week, and the EI situation at CSD will be raised as part of that discussion.

I have also attached a PDF that was provided to me at the Transition Table outlining potential job opportunities in the mining industry, should anyone wish to explore work options while on layoff.

If you have not received the additional 20 weeks of EI and have not yet shared your information with me, please reach out so I can ensure it is included and passed along in an effort to help resolve this issue.

In solidarity,
