## USW LOCAL 1-1937 UPDATE

**Crew Update – February 6, 2026**

Hello Members,

After speaking with the Company yesterday February 5th, they advised me they will reach out to everyone on the seniority list to confirm which members of the crew will be returning once the mill is set to start again.

Once the Company has provided the Union with this list of names, as well as, completed the new company sign up package for the Health and Welfare Plan and Pension Plan, we will be organizing a crew meeting to discuss a proposal that the Company would like to bring to the crew for discussion and a vote prior to a start up.

If you have not heard from the Company by the end of next week, please contact them directly at the number or email below, to let them know you want to return or contact us to pass along your appropriate contact information to them. Thank you.
