

USW LOCAL 1-1937 UPDATE

WE ARE MOVING!

February 19, 2026

Dear Members,

I write to update on a recent change to our lower mainland office location. Due to ongoing challenges in the Forest Industry and to ensure our fiscal responsibility, the Local Union Officers and Business Agents have made the decision to relocate the Burnaby office to a space at the USW Local 2009 office located in Langley at #202 – 9292 200th St.

This move will not only lower our operating costs, but it will allow us to increase our revenue through the full rental of our Burnaby property. The facility in Langley will also present us a better facility to conduct education, bargaining and the general business of the Union.

If you have any questions, please contact the undersigned.

In Solidarity,

Adam Gosselin
