

## Developed for Crofton CT Table

### Mines Currently Hiring FIFO Workers (Western Canada)

These mine sites are all actively posting, and many will take on skilled labourers/mill operators into entry level roles. Please note, some are hiring specific roles and reskilling could be warranted. Top areas for reskilling or upskilling would be: drivers (class 3 & air brakes), equipment operation (see specific to site), or millwrights (not an easy retrain for sure, but an option in some scenarios).

Please note – USW has a presence in some mines in BC and should be contacted separately for opportunities (for example Local 7619).

Here is a quick breakdown of mining operations to consider:

#### British Columbia

1. [Mount Milligan Mine – Centerra Gold](#)
  - Copper-gold mine with camp rotations (often 7/7 or 14/14)
  - Roles include haul-truck operators, operator/technicians, and maintenance workers
2. [New Afton Mine – New Gold](#)
  - Underground gold-copper mine near Kamloops
  - Jobs include operators, mechanics, and processing plant workers
3. [Red Chris Mine – Newmont / Imperial Metals](#)
  - Large copper-gold operation in northwest BC
  - Frequently hires operators and trades.
4. **Elk Valley Coal Operations – Teck Resources** ([link to all Teck postings](#))
  - Major coal mining region around Sparwood/Elkford
  - Many haul-truck and equipment operator jobs.
5. [Blackwater Project – Artemis Gold](#)
  - Large new mine under development in BC
  - Hiring construction and operations workers.
6. Highland Valley Copper ([Teck Expansion Project](#))
  - Build out of existing mine
  - Many technician/engineering roles, as well as general mill & mine maintenance

**NOTE!** Most of these sites will take applications even where jobs aren't posted, but a cover letter identifying the scenario is warranted.

**Yukon (flights via Calgary or Vancouver)**

6. [Eagle Gold Mine – Victoria Gold](#)
  - One of the largest gold mines in Yukon with camp jobs and rotational schedules
7. [Keno Hill Silver Mine – Hecla Mining](#)
  - FIFO operations with roles like general operator, miner, and equipment operator

**Alberta (Oil Sands Mining)**

These areas are still hiring operators, though it's unclear

8. **Suncor Energy – Fort McMurray mines**
9. **Canadian Natural Resources – Horizon Oil Sands Mine**
10. **Imperial Oil – Kearl Oil Sands Mine**

Heavy-equipment operators, haul-truck drivers, and plant operators are common positions at these sites.

## Quick Job Boards to Send Workers To

These sites consistently show camp jobs.

- [Careermine](#) – this is an online repository for mining jobs.
- [Indeed](#) – online job postings that can be filtered by region and jobs. Very common platform for trades employers and general industry,
- [RemoteCampJobs.net](#) – online postings for camp and fifo jobs generally.
- <https://www.energyjobshop.com/> – Energy specific jobs – including oil and gas
